Hindi

About Me

I am a 4th-year Computer Science student with a solid academic foundation and a keen interest in software development. I have hands-on experience with programming languages including C, Java, Python, and JavaScript, and have completed various projects during my studies. My internship at DIGITAL LYNC provided valuable insights into Python and artificial intelligence, enhancing my ability to work effectively in a team and apply technical skills in realworld scenarios. I am eager to leverage my knowledge and experience in a software development role where I can continue to grow and contribute to innovative projects. My strong work ethic, enthusiasm for learning, and passion for coding make me a motivated candidate ready to embrace new challenges and make a positive impact.

Technical skills

C, PYTHON,JAVA,AI,HTML,CSS,JS

Other skills

Leadership, Time Management, Team collaboration, Problem-Solving, Communication skills

Work Experience

- **DIGITAL LYNC**

  15 may 2024 to 30 jun 2024

  Intern

- **INTERNPE**

  29 jan 2024 to 25 feb 2024

  Intern Web Developer

Projects

- Computer network project: Configuring a network intrusion detection system (NIDS) to detect and respond to network attacks in real-time.

- Car Insurance Fraud Detection using ML: This project leverages machine learning to identify fraudulent claims, improving detection efficiency and accuracy.

- Database case study: Online Movie Ticket System (OMTS) used web-based application
